SUBJECT: **FUNDING AUGMENTATION FOR VARIOUS PROVIDERS TO PROVIDE
METHAMPHETAMINE-PREVENTION STRATEGIES FOR YOUNG WOMEN**

This is to inform you that we plan to implement the adjustments and reallocations provision for our agreements with various Alcohol and Drug Program Administration (ADPA) outpatient and residential services providers, and for an ADPA evaluation services provider using the delegated authority granted by the Board on May 30, 2006. This provision allows the Director of Public Health or his authorized designee to augment funds up to 25 percent of the contract's budget.

I am recommending these funding augmentations to enable the agencies to implement methamphetamine-prevention strategies for young women. Funding for these programs was provided by the Board of Supervisors. ADPA is proposing to augment the contract as indicated in the following attachments.

Attachment 1 - Description of the services affected by this amendment

Attachment 2 - Agencies' current and proposed funding amounts

If you have any questions or need additional information, please let me know.

Alcohol and Drug Prevention Services – Description

ALCOHOL AND DRUG PREVENTION SERVICES (High Risk Youth) (Prevention)

Alcohol and drug prevention services seek to prevent/reduce alcohol and other drug related problems within the community by employing a broad range of strategies that include community organizing and empowerment, alternative activities, environmental/social policy, information dissemination, prevention/education/skills training, and problem identification and referral. Each strategy is designed to prevent/reduce alcohol and other drug related problems prior to their occurrence within an individual, family, or community.

ALCOHOL AND DRUG NONRESIDENTIAL SERVICES (Community Prevention and Recovery Program) (Prevention)

Alcohol and Drug Nonresidential Services are those alcohol and drug recovery services which are provided in a drug-free, non-drinking environment, directed towards alleviating and/or preventing alcohol and drug problems among individuals, pregnant and parenting women and their children, families, specific population groups, or the general community. These services do not require residency at a provider's facility as part of the treatment and recovery process. Services may include referral of a participant for medical detoxification services, residential and recovery house services, methadone treatment program services, psychiatric services, or other treatment services.

ALCOHOL AND DRUG PREVENTION SERVICES

Alcohol and drug prevention services seek to prevent/reduce alcohol and other drug related problems within the community by encompassing a broad range of strategies that include *community organizing and empowerment*, alternative activities, environmental/social policy, information dissemination, prevention education/skills training, and problem identification and referral. Each strategy is designed to prevent/reduce alcohol and other drug related problems within the community.
